

# INDEX TO VOLUME 93

New scientific names are in **bold face**

- Acicarpha tribuloides* (Calyceraceae) in eastern North America. The occurrence of, 26-35
- Aconogonon* (=Polygonum sect. Aconogonon, Polygonaceae) in North America. A revision of, 322-346
- Additions to the flora of Washington County, Maine. 390-394
- Adiantum aleuticum* (Ruprecht) Paris, *stat. et comb. nov.* 112
- Adiantum viridimontanum* Paris *sp. nov.* 108, fig. 110
- Adiantum viridimontanum*, a new maidenhair fern in eastern North America. 105-121
- Agrostis exarata* var. *monolepis* (Poaceae) in New England. The first report of, 398-399
- Alabama. *Dodecatheon frenchii* (Vasey) Rydb. (Primulaceae) in, 189-191
- Algific talus slopes in Wisconsin's Driftless Area. Bryophytes of, 242-247
- ANNOUNCEMENTS
- Flora of North America Project. The, 304
- NEBC Award Notice 103
- NEBC Publications Available 202; 305
- New England Botany Graduate Student Meeting 102
- Research Grants Available 303
- Arethusa bulbosa*, *Calopogon tuberosus*, and *Pogonia ophioglossoides* (Orchidaceae) in eastern Newfoundland. I. Flowering and fruiting patterns. Ecological aspects of, 248-255
- Asclepias*. Reproductive limitations of a locally rare, 1-10
- Aster* section *Biotia* (Asteraceae). Isozyme evidence and phenetic relationships among species in, 205-225
- Barclay-Estrup, P., T. E. Duralia and A. G. Harris. *Goodyera* in Thunder Bay District, Ontario. Flowering sequence of the orchid genus *Goodyera* in Thunder Bay District, Ontario. 141-147
- Barnstable County, Massachusetts. Discovery of *Eupatorium leucolepis* var. *novaeangliae* in, 299-300
- Basin morphometry of a New England moat bog. Vegetation patterns and, 307-321
- Bog. Vegetation patterns and basin morphometry of a New England moat, 307-321
- Bohm, B. A. *see* Vander Kloet, S. P.
- Boland, J. Todd and Pete J. Scott. Ecological aspects of *Arethusa bulbosa*, *Calopogon tuberosus*, and *Pogonia ophioglossoides* (Orchidaceae) in eastern Newfoundland. I. Flowering and fruiting patterns. 248-255
- BOOK REVIEWS
- 200 Conspicuous, Unusual, or Economically Important Plants of the Caribbean. 301
- Columbus as a Botanist. 302
- Field Guide to the Peat Mosses of Boreal North America. 200-201
- Index to Plant Chromosome Numbers in 1986-1987. 100-101.
- Bryophytes of algific talus slopes in Wisconsin's Driftless Area. 242-247
- C(arex) festucacea*, and *C. longii* (Cyperaceae). The identity of *Carex albolutescens*, 51-66
- C(arex) longii* (Cyperaceae). The identity of *Carex albolutescens*, *C. festucacea*, and 51-66
- Cabin, Robert J., Jennifer Ramstetter and Robert E. Engel. Reproductive limitations of a locally rare *Asclepias*. 1-10

- Calopogon tuberosus*, and *Pogonia ophioglossoides* (Orchidaceae) in eastern Newfoundland. I. Flowering and fruiting patterns. Ecological aspects of *Arethusa bulbosa*, 248-255
- Canada. *Holcus mollis* (Poaceae) in Newfoundland, 187-188
- Carex polymorpha* (Cyperaceae), and *C. longii* (Cyperaceae). The identity of, 51-66
- Carex polymorpha* (Cyperaceae). Vegetative and sexual reproduction in the rare sedge, 268-290
- Caribbean coast of Nicaragua. New record of the mangrove *Pelliciera rhizophorae* (Theaceae) on the, 183-186
- Chinnappa, C. C. and J. K. Morton. Studies on the *Stellaria longipes* complex (Caryophyllaceae)—Taxonomy, 129-135
- Christy, John A. and Thomas A. Meyer. Bryophytes of algalic talus slopes in Wisconsin's Driftless Area. 242-247
- Coastal-plain plants in inland Nova Scotia. 291-298
- Compositae of the Guianas, I: *Heliantheae* (Heliantheae, Tageteae, Coreopsideae). The, 256-267
- Cormier, Charles. New site for *Cornus florida* (Cornaceae) in Maine. 400
- Cornus florida* (Cornaceae) in Maine. New site for, 400
- Countryman, William D. *see* Gilman, Arthur V.
- Cusick, Allison W. *Hymenoxys herbacea* (Asteraceae): an endemic species of the Great Lakes region. 238-241
- Cymophyllus fraserianus* (Ker-Gawler) Kartesz & Gandhi (Cyperaceae), the correct name for Fraser's sedge. 136-140
- Cymophyllus fraserianus* (Ker-Gawler) Kartesz & Gandhi, *comb. nov.*** 138
- Darbyshire, S. J. and I. J. Green. *Holcus mollis* (Poaceae) in Newfoundland, Canada. 187-188
- DeVore, Melanie. The occurrence of *Acicarpha tribuloides* (Calyceae) in eastern North America. 26-35
- DiGregorio, Mario J. Discovery of *Eupatorium leucolepis* var. *novaeangliae* in Barnstable County, Massachusetts. 299-300
- Discovery of *Eupatorium leucolepis* var. *novaeangliae* in Barnstable County, Massachusetts. 299-300
- Discovery of *Juncus vaseyi* (Juncaceae) in Vermont. 395-397
- Dodecatheon frenchii* (Vasey) Rydb. (Primulaceae) in Alabama. 189-191
- Driftless Area. Bryophytes of algalic talus slopes in Wisconsin's, 242-247
- Dudley, Judith A. *see* Standley, Lisa A.
- Dunwiddie, Peter W. Forest history and composition of Halfway Pond Island, Plymouth County, Massachusetts. 347-360
- Duralia, T. E. *see* Barclay-Estrup, P.
- Ecological aspects of *Arethusa bulbosa*, *Calopogon tuberosus*, and *Pogonia ophioglossoides* (Orchidaceae) in eastern Newfoundland. I. Flowering and fruiting patterns. 248-255
- Elephant's-head lousewort, *Pedicularis groenlandica* (Scrophulariaceae). Occurrence of an anthocyanin-lacking form of, 123-128
- Endemic species of the Great Lakes region. *Hymenoxys herbacea* (Asteraceae): an, 238-241
- Engel, Robert E. *see* Cabin, Robert J.
- Eupatorium leucolepis* var. *novaeangliae* in Barnstable County, Massachusetts. Discovery of, 299-300
- First report of *Agrostis exarata* var. *monolepis* (Poaceae) in New England. The, 398-399
- Flora of the Monomy Islands, Chatham, Massachusetts. 361-390
- Flowering and fruiting patterns. Ecological aspects of *Arethusa bulbosa*, *Calopogon tuberosus*, and *Pogonia*

- ophioglossoides (Orchidaceae) in eastern Newfoundland. I. 248-255
- Flowering sequence of the orchid genus *Goodyera* in Thunder Bay District, Ontario. 141-147
- Forest history and composition of Halfway Pond Island, Plymouth County, Massachusetts. 347-360
- Fraser's sedge. *Cymophyllus fraserianus* (Ker-Gawler) Kartesz & Gandhi (Cyperaceae), the correct name for, 136-140
- Funk, V. A. Compositae of the Guianas, I: Heliantheae (Heliantheae, Tageteae, Coreopsidae). The, 256-267
- Gandhi, Kancheepuram N. *see* Kartesz, John T.
- Gilman, Arthur V. and W. D. Countryman. Additions to the flora of Washington County, Maine. 390-394
- Goodyera in Thunder Bay District, Ontario. Flowering sequence of the orchid genus, 141-147
- Great Lakes region. *Hymenoxys herbacea* (Asteraceae): an endemic species of the, 238-241
- Green, I. J. *see* Darbyshire, S. J.
- Grijalva, Alfredo *see* Roth, Linda C.
- Guianas, Compositae of, I: Heliantheae (Heliantheae, Tageteae, Coreopsidae). The, 256-267
- Halfway Pond island, Plymouth County, Massachusetts. Forest history and composition of, 347-360
- Harris, A. G. *see* Barclay-Estrup, P.
- Heliantheae (Heliantheae, Tageteae, Coreopsidae). The Compositae of the Guianas, I., 256-267
- Holcus mollis* (Poaceae) in Newfoundland, Canada. 187-188
- Holt, D. W. *see* Lortie, J. P.
- Hong, Suk-Pyo. A revision of *Aconogonon* (=Polygonum sect. *Aconogonon*, Polygonaceae) in North America. 322-346
- Hydrophily: phylogenetic and evolutionary considerations. 36-50
- Hymenoxys herbacea* (Asteraceae): an endemic species of the Great Lakes region. 238-241
- Hymenoxys herbacea* (E. L. Green) Cusick *comb. nov.* 238
- Identity of *Carex albolutescens*, *C. festucacea*, and *C. longii* (Cyperaceae). The, 51-66
- Isozyme evidence and phenetic relationships among species in Aster section *Biotia* (Asteraceae). 205-225
- Jones, Almut G. *see* Lamboy, Warren F.
- Juncus vaseyi* (Juncaceae) in Vermont. Discovery of, 394-397
- Kartesz, John T. and Kancheepuram N. Gandhi. *Cymophyllus fraserianus* (Ker-Gawler) Kartesz & Gandhi (Cyperaceae), the correct name for Fraser's sedge. 136-140
- Kelso, Sylvia. Taxonomy of *Primula* sects. *Aleuritica* and *Armerina* in North America. 67-99
- Lacefield, Jim *see* Timme, Stephen L.
- Lamboy, Warren F., Daniel L. Nickrent and Almut G. Jones. Isozyme evidence and phenetic relationships among species in Aster section *Biotia* (Asteraceae). 205-225
- Levy, Foster. Morphological differentiation in *Phacelia dubia* and *P. maculata*. 11-25
- List of Reviewers for 1990-1991. 401
- Lortie, J. P. and B. A. Sorrie. Flora of the Monomy Islands, Chatham, Massachusetts. 361-390
- Maidenhair fern in eastern North America. *Adiantum viridimontanum*, a new, 105-121
- Maine. Additions to the flora of Washington County, 390-394
- Maine. New site for *Cornus florida* (Cornaceae) in, 400

- Massachusetts. Discovery of *Eupatorium leucolepis* var. *novaeangliae* in Barnstable County, 299-300
- Massachusetts. Flora of the Monomoy Islands, Chatham, 361-390
- Massachusetts. Forest history and composition of Halfway Pond Island, Plymouth County, 347-360
- Maycock, P. R. *see* Staniforth, R. J.
- Meyer, Thomas A. *see* Christy, John A.
- Miami University, Oxford, Ohio. Vascular plant type specimens in the Willard Sherman Turrell Herbarium (MU), 148-182

- Moat bog. Vegetation patterns and basin morphometry of a New England, 307-321
- Monomoy Islands, Chatham, Massachusetts. Flora of the, 361-390
- Morphological differentiation in *Phacelia dubia* and *P. maculata*. 11-25
- Morton, J. K. *see* Chinnappa, C. C.
- Motzkin, Glenn H. and William A. Patterson, III. Vegetation patterns and basin morphometry of a New England moat bog. 307-321
- New England moat bog. Vegetation patterns and basin morphometry of, 307-321
- NEW ENGLAND NOTES
- Discovery of *Eupatorium leucolepis* var. *novaeangliae* in Barnstable County, Massachusetts. 299-300
- First report of *Agrostis exarata* var. *monolepis* (Poaceae) in New England. The, 398-399
- New site for *Cornus florida* (Cornaceae) in Maine. 400
- Scirpus polyphyllus* (Cyperaceae) in New Hampshire 198-199
- New England. The first report of *Agrostis exarata* var. *monolepis* (Poaceae) in, 398-399
- New Hampshire. *Scirpus polyphyllus* (Cyperaceae) in, 198-199
- New record of the mangrove *Pelliciera rhizophorae* (Theaceae) on the Caribbean coast of Nicaragua. 183-186
- New site for *Cornus florida* (Cornaceae) in Maine. 400
- New York State. The status of *Salix pelita* (Salicaceae) in, 195-197
- Newfoundland, Canada. *Holcus mollis* (Poaceae) in, 187-188
- Newfoundland. Ecological aspects of *Arethusa bulbosa*, *Calopogon tuberosus*, and *Pogonia ophioglossoides* (Orchidaceae) in eastern, I. Flowering and fruiting patterns. 248-255
- Nicaragua. New record of the mangrove *Pelliciera rhizophorae* (Theaceae) on the Caribbean coast of, 183-186
- Nickrent, Daniel L. *see* Lamboy, Warren F.
- North America. *Adiantum viridimontanum*, a new maidenhair fern in eastern, 105-121
- North America. A revision of *Aconogonon* (=Polygonum sect. *Aconogonon*, Polygonaceae) in, 322-346
- North America. Taxonomy of *Primula* sects. *Aleurita* and *Armerina* in, 67-99
- North America. The occurrence of *Acicarpa tribuloides* (Calyceraceae) in, 26-35
